

Company-Sponsored International MSc program

Would you like a career in the Poultry sector working for an international company in
Poland?

Are open to learning a new language and facing interesting challenges?

If so, this offer is for you!

We are offering a Company-Sponsored Master's degree in apprenticeship with a major **French Poultry Production and Transformation Company**

Successful candidates will

- spend two years in France - Depending on your current level of French up to 6 months of intensive French lessons in advance of the program
- receive high level training in technical and managerial competencies and learn a new language (French)
- have all expenses (travel, tuition, insurance) costs covered
- study half time at ESA and work half time in the company with a tutor
- successful graduates earn a Master of Science in Engineering from Ecole Supérieure d'Agricultures Angers Loire (ESA)
- Be need to be willing to work for a minimum of two and a half years in the sponsoring company in Poland after the program in France

The program is managed by ESA, a major institution of higher education in the field of Life Sciences in France.

Successful completion of the program earns an entry-level management position in the sponsoring company's industrial site in Poland after the end of the program.

Requirements:

Candidates must have:

- a BSc or an MSc in **Food Sciences, Animal Sciences, Microbiology, Biotechnology**
- a strong motivation for a career in industry - and especially in the poultry meat industry
- a desire to learn new cultures and a new language (French)
- a real capacity to overcome challenges and to develop new competencies
- an experience abroad would be appreciated
- a good level of English (B1)
- **PLEASE NOTE: NO FRENCH REQUIRED TO APPLY**

Application process:

Applications online to ESA at <https://olage.groupe-esa.com>

Click: I²FA program: Engineer-Master's Degree - Sandwich Course: Company Sponsored

Deadline: February 14th 2022. Only fully completed application files will be examined.

The selection process is in two steps. ESA will examine your application and will contact you for a first interview in English by one of their team. If ESA decides you are a solid candidate we will pass your file on to the company.

*ESA will arrange company **interviews in Poland in February 2022.** The company makes the final choice. The program begins in April 2022 for those who need French lessons and late August 2022 for French speakers.*
